PLANNING NEXT STEP IN MEXICO

President and Secretary Bryan Hold Conference.

WOULD ELIMINATE HUERTA.

United States to Demand a Free Election—Powers Awaiting America's Decision—Battleships Sent to Relieve Those at Vera Cruz—Case of Diaz in Abeyance.

Washington, Oct. 30.—Secretary Bryan said that a formal note had been sent to all the European governments asking them to suspend the formulation of a policy toward Mexico until the United States had defined its attitude. England, France and Germany, he said, had already been heard from, agreeing to take no action, and it is expected that the other governments will follow the three great powers in awaiting the decision of the United States as to the next step in bringing peace in Mexico.

President Wilson had an early conference with Secretary Bryan, and the Secretary stated afterward that they were at work on the next step in the policy that will be pursued. It is expected that the United States will first make a formal demand for the elimination of Huerta and the conduct of fair and free elections, possibly with some safeguards to systematize the election machinery. No statement was forthcoming, however, from executive quarters as to just what was intended by the United States, but it was generally agreed in official circles that some positive action looking toward a solution of the problem would be made in line with the expectations of the powers.

Steps to secure a new election would involve negotiations with the constitutionalists, and there is a confidence among administration officials that if guarantees for a free campaign can be arranged through the establishment of a provisional authority at the City of Mexico acceptable to the constitutionalists the latter are likely to fall into line.

Case of Diaz in Abeyance. Secretary Bryan said that the state department had not yet decided what disposition would be made of General Felix Diaz, a refugee aboard the battleship Louisiana.

The sailing of four American battleships from Hampton Roads to relieve those at Vera Cruz marks the first step on the part of the United States toward complying with the recent declaration of Huerta that foreign ships had been too long in Mexican waters. The battleships Rhode Island, Virginia, Nebraska and New Jersey of the Third division of the Atlantic fleet will relieve the four vessels of the Second division which have been on duty in Mexican waters for several months, and they are expected to come north upon the arrival of the ships which left Hampton Roads. Rear Admiral Fletcher will continue with the squadron in Mexican waters because of his familiarity with the situation. It is expected that the ships of the Third division will reach Vera Cruz next Monday.

Battleships Ordered to Vera Cruz. Norfolk, Va., Oct. 30.—The battleships New Jersey, Nebraska, Rhode Island and Virginia were under orders to leave Hampton Roads for Mexico. The ships carry ammunition and provisions enough to last six months. They will proceed "with all haste" to Vera Cruz to relieve the battleships now there.

MANY DROWNED IN SALVADOR

Village Reported Destroyed With All Its People by Devastating Floods. San Salvador, Oct. 30.—Fifty-four deaths from drowning were reported here from districts of the republic of Salvador inundated, as a result of a rainfall of unprecedented severity. It is feared by the authorities that many more have succumbed. Ten inches of rainfall were recorded during the downpour.

In this city four persons were drowned. The village of Vera Paz, near the town of San Vincente, is reported destroyed with all its inhabitants.

Much agricultural property has been destroyed, river bridges washed away and railroad traffic suspended, while internal telegraphic communication is interrupted.

A Wafer. "What," asked the teacher, "is the meaning of the word 'wafer'?" "A wafer," replied Maurice, aged nine, "is a kid without any father or mother."—Chicago News.

But Which Is Which. Willie—Paw, what is the difference between fineness and obnoxiousity? Paw—Merely a matter of sex, my son.—Cincinnati Enquirer.

TO TEACH DRAWING

Clearfield Schools to be Visited by Expert in January.

Pupils in the schools of Pennsylvania are to be given the benefit of all the expert advice possible in drawing and a plan has just been announced at the Department of Public Instruction whereby the expert assistants of Dr. N. C. Schaeffer, the state superintendent, in drawing will meet supervisors and drawing teachers in various districts just established in the state. This is the first time that a branch of instruction has been put on this basis.

Miss Rose M. Pottoroff, the expert in drawing, has worked out the plan for the purpose of strengthening the work. On January 10, a conference of supervisors and drawing teachers will be held at Altoona for the counties of Clearfield, Blair, Cambria, Center, Somerset, Bedford and Huntingdon.

To The Public.

Due to the increase of our business we find it impossible to do any retail selling. We have therefore made Kurtz' stationery store our retail agency for our entire line of Clearfield cutglass and you will find there at all times, and especially on Saturday, November 1, a complete assortment of our cut glass.

Yours respectfully,
Emil Kupfer Cut Glass Co.

MITCHELL SENTIMENT STRONG IN MAHAFFEY

Rousing Meeting In His Behalf Held Last Evening

One of the most remarkable demonstrations ever held in the county occurred at Mahaffey on Wednesday evening when Dr. Homer W. Tope, of Philadelphia, representing the Anti-Saloon League, spoke in the Lutheran church at that place in the interest of Oscar Mitchell, the independent candidate for Judge.

While practically all of the meetings held under the auspices of the allied temperance forces have been greeted by substantial crowds, Mahaffey leads the procession, for practically the entire town was out to hear the splendid address delivered by one of the most forceful speakers in the state, himself a Lutheran.

The Mahaffey band, recently organized, was out for the occasion. The Lutheran church, which is the largest public building available in the town, was packed to the doors. At the close of the address the ladies of the W. C. T. U. served a fine lunch, consisting of sandwiches, pickles, celery, cake, coffee, etc., to all who remained.

Mr. Mitchell, who was present, was tendered a regular ovation by his numerous friends and admirers. Many persons drove in several miles to attend the meeting.

CHECK FORGER VISITS CLEARFIELD STORES

Rakes in Considerable Cash on West Side

At least two Clearfield merchants mourn the loss of money through the manipulations of a clever individual whose whereabouts are now being sought by the authorities.

Tuesday a man entered the stores of Elmer Shirey and Frank A. Walker, both on the West Side, and succeeded in having checks cashed, making his disappearance after getting the money.

At Shirey's the fellow got \$11 and at Walker's he drew \$17.50.

The checks had the name of Isaac G. Stage attached to them. The man is said to be about six feet in height, wearing a black slouch hat drawn down over his ears. The police have been unable to discover any trace of him, and it is supposed that he has left for pastures equally green.

Attending Conference.

E. W. Hess and J. G. Boyce, of Clearfield, and A. C. Orner, of DuBois, are in attendance at the Pennsylvania Industrial Welfare and Efficiency conference, in session at Harrisburg. This is a very important conference, at which prominent men from different parts of the country are present to deliver addresses.

EXPECT ACQUITTAL OF ACCUSED WIDOW

"Not Guilty by Reason of Insanity," Verdict Expected.

CHEMIST AIDS THE DEFENSE

Experts Testify, Telling of Amount of Poison Found in Dead Admiral's Body—Prosecution Does Not Expect a Verdict of Guilty—Judge's Charge to Jury Short.

Plymouth, Mass., Oct. 30.—Only two hours were taken in his summing up by William A. Morse, senior counsel for Mrs. Jennie May Eaton, who is being tried here on a charge of having murdered her husband, the late Rear Admiral Eaton. He was followed by the district attorney.

Mrs. Eaton appeared calm and collected when she came into the courtroom. It is now the general opinion here that a verdict of "not guilty" will be rendered. Insanity, it is declared, will be the grounds for this verdict. Even the prosecution does not expect a verdict of guilty.

After luncheon Chief Justice Alken charged the jury. Justice Alken expected to use not more than thirty minutes in his charge.

Nobody in Plymouth expects a verdict of guilty of murder—not even the district attorney himself. The prosecution believes that the verdict will be, "Not guilty, by reason of insanity," under which the jury first will have to find that Mrs. Eaton committed the "overt act" of giving her husband white arsenic before it can pass on the insanity or sanity of the prisoner.

The defense completed its case following the testimony of Dr. Arthur E. Austin, a Boston chemist, who declared that in his opinion Rear Admiral Eaton took between fifty and sixty-six grains of arsenic in one dose about noon on Wednesday, March 5. Mrs. Eaton was in Dorchester that day. The rear admiral died March 8. Dr. Austin disagreed with Professor Whitney, the state's expert, who previously had testified that in his opinion Rear Admiral Eaton received the first dose of arsenic on Thursday, March 6, and several other small doses up to within a few hours of death. Professor Bach, another state expert, agreed with Professor Whitney. A total of 16.67 grains of arsenic was found in the rear admiral's body. Dr. Austin admitted that the conditions surrounding the rear admiral's illness were consistent with the theory that the poison had been administered in more than one dose, however.

EX-HIGH TEAM BEATEN

Defeated by High School Team Wednesday Evening.

Wednesday afternoon after school the fast High school football team defeated the Ex-High team by a score of 6-0. The line-up was as follows:

Ex-High—Boes le, Brett lt, West lg, Adams c, Phillips rg, Wheeler rt, Rishell re, Reed qb, Wallace lbh, Henderson rhh, Boyer fb.

High School—Wright lg, McQuillen lt, Underwood lg, R. Flegal c, Patchen rg, R. Mitchell rt, Bell re, W. Flegal qb, C. Mitchell lbh, Stewart rhh, Apgar fb.

Among the old "has beens" Wallace Reed, Boyer and "Doc" Henderson did fine work. When it came to tackling punting and hitting the line Henderson was the lollypop. Wallace and Reed, '13, showed their old form. Henderson, getting the pigskin under his arm, made some spectacular zig-zags around the H.S. ends. Apgar, Mitchell and Stewart held their positions in the backfield. Apgar made a long dash around the Ex-Highs' left end, Bell, by a delayed forward pass, scored the only touchdown. By some hard stretching he managed to squeeze over the line as he was tackled by Boyer. Darkness cut the game short. The ex-Highs declare they will trim the H. S. next week.

Married on Wednesday.

Lance S. Flaherty and Miss Alice Forcay, both of Clearfield, were married in the parsonage of the Eleventh Street M. E. church by their pastor, Rev. R. S. Oyler Wednesday afternoon. The young couple are on a wedding trip to Williamsport and upon their return will reside in Clearfield.

CLEARFIELD'S LOSS IN MR. BECK'S REMOVAL

Y. M. C. A. Secretary Was a Good Citizen

As briefly noted in this paper Wednesday, H. L. Beck, general secretary of the Clearfield Young Men's Christian association, has resigned his position to take effect on November 19. Mr. Beck will go to Indiana, where he will have charge of the large and prosperous Y. M. C. A. of that town.

Clearfield citizens generally will regret the departure of Secretary Beck. During his residence in this town he has made many friends by his unflinching courtesy and gentlemanly deportment. Both Mr. and Mrs. Beck are people whom any town should be proud to claim as residents. They will take with them to Indiana the earnest wish of the people of Clearfield for a successful and happy future.

As general secretary of the Y. M. C. A., Mr. Beck rescued that association from comparative obscurity, enlarging its sphere of usefulness and interesting the citizens in the work being done in behalf of the young men of Clearfield. He has striven to make the association prosperous, and to the full extent of his ability he sought to prove to the people of Clearfield that a properly conducted Y. M. C. A. is one of the most valuable assets a town can possess.

In attaching himself to a larger and more prosperous association Secretary Beck will have larger opportunities for the display of that executive ability which has placed him in the front rank of Y. M. C. A. secretaries in the state.

STILWELL DENIES HE WROTE LETTER

Quoted as Saying He Would Jail Murphy For a Pardon.

CAMPAIGN CONTINUES HOT.

Hennessy In Speech Reveals Part of What Convicted Senator Is Alleged to Have Told Him—Asserts That All Murphy Judges Buy Their Nominations—Warden Clancy Resigns.

New York, Oct. 30.—The Hennessy-McCall-Murphy-Stilwell-Sulzer embargo in the New York mayoralty campaign kept on with a further batch of interesting disclosures in sight. The latest charge by Hennessy concerning justice of the supreme court being compelled to buy their nominations has added to the general unpleasantness. Hennessy said:

"No supreme court judge could be nominated in this city since Murphy has been the boss that did not pay for his nomination. I want to tell Mr. McCall that I haven't the slightest doubt that he paid for his nomination."

Stilwell Denial.

From his cell in Sing Sing prison ex-Senator Stephen Stilwell, the one time Tammany senator from the Bronx, denied the authenticity of his "application for a pardon," a copy of which former Governor Sulzer made public. Warden James M. Clancy of Sing Sing suddenly resigned after he had refused to go into details of the Stilwell "confession" obtained by Hennessy. He first said that Hennessy was a liar and that Stilwell had told him that the letter to Sulzer had been so altered that it was a forgery. He gave as his reason for resigning that he did not want his silence concerning the Hennessy-Stilwell confab to be regarded as a move on his part favoring Tammany.

But while Clancy, Stilwell and the Tammany forces were denying that Stilwell had made a confession, Superintendent of Prisons John B. Riley was being interviewed at Albany, and he admitted that Stilwell had made a statement bearing legislative corruption, to be made public, however, only in exchange for a pardon.

Hennessy, reading from the "confession" of Stilwell's as recorded by the detectivephone, quoted him as saying: "I can put Murphy in jail. And I can get enough votes to prevent Sulzer from being convicted. I know so much about some of them that they will have to take my orders."

Sulzer in his campaign for election to the assembly attacked Tammany leaders in general and declared that he was receiving scurrilous letters in Yiddish attacking his wife. He blamed it upon Tammany hirelings.

Roosevelt Leaving Brazil.

Sao Paulo, Brazil, Oct. 30.—Colonel Theodore Roosevelt left this city for Rio Grande do Sul, from which place he will continue his journey by way of Montevideo to Buenos Ayres and Chile. Government officials and private personages cheered the distinguished American visitor as he left.

Greece Buys Chile Warship. Constantinople, Oct. 30.—It is reported here that the Greek government has purchased the Chilean battleship Almirante Latorre.

DEATHS OF A DAY.

Alfred C. Tuxbury, sixty-eight years old, died at Montclair, N. J., from a complication of diseases.

Mrs. Eugene Spencer, widow of William Augustus Spencer, who lost his life in the Titanic disaster, died in Paris.

John Y. Hunt, thirty-five, president of a paper manufacturing company of New York, died at his home in Hartford, Conn.

Paymaster Ulysses Grant Amman, U. S. N., forty-two, retired, died at the Mare Island (Cal.) Naval hospital. He was the son of Rear Admiral Daniel Amman.

Mrs. James Knott, fifty-eight, part owner and active manager of four apartment hotels near Washington square, in New York, died suddenly of acute indigestion.

Mrs. Virginia C. R. Avery, sixty-nine, widow of General Robert Avery of civil war fame, who was one of Brooklyn's foremost lawyers, died at Brooklyn, where she had resided for forty years.

Isaac Stephenson, Jr., fifty-four, nephew of United States Senator Isaac Stephenson, was found dead in his berth on a Chicago and Northwestern train arriving at Milwaukee from Menominee, Mich. He was a victim of heart disease.

Dice.

Dice are said by some to have had their origin in occult sources, but more reasonably they are ascribed to Palamedes of Greece, B. C. 1244. Those exhumed at Thebes are identical with those used today, and the games played with them are the simplest and most widely known games of chance in the world.

GRAMPIAN

A corps of engineers connected with the Pennsylvania railroad is at work in the territory between DuBois and Grampian, and it is believed that the company is again trying to find a feasible and practicable route for an extension of the Tyrone division to DuBois, where the line would connect with the Loy, Grade division of the Penn.

The DuBois Courier says that "as soon as the Pennsylvania company acquired control of the line from Driftwood to Red Bank and Pittsburgh, there was talk of extending the Tyrone branch to connect here, and give the country south of DuBois, clear through to the Pennsylvania main line, a direct route north and northwest, by the way of the Low Grade and Ridgway divisions. It would also open the way for shortening the time some between DuBois and New York, Philadelphia, Baltimore and Washington. It would open up so much for the Pennsylvania company that there seems to be no doubt about the extension being made some time, and this may be the time. The best route for building is being figured out now. That much is certain."

Hallowe'en Party.

Esther Cosad last evening entertained a dozen of her little friends with a Hallowe'en party. The little girls were dressed in regular hobgoblin apparel and had a very pleasant time. Refreshments were served and games played until a reasonable hour, when Esther's guests returned to their homes, voting Esther a very good hostess.

ENTHUSIASM GREAT AT THE TABERNACLE

Hundreds Attend the Meetings at Glen Richey

In spite of a mixture of rain, mud and darkness, from 500 to 700 people attend the tabernacle services each evening at Glen Richey. The major part of the crowd arrived just as near 7 o'clock as possible in order to enjoy the half hour song services led by Prof. Leonard.

Considerable interest is manifested when the reports of the daily prayer meetings are given in. District No. 4 has held the banner for attendance for more than a week and is usually roundly applauded. Another prayer meeting has been started down in Third Light, in the mines. When these underground prayer meetings are reported they always receive hearty applause.

With the thought in mind, "Sin grows worse, but it can be healed," and vividly picturing the woman who touched the hem of Christ's garments, Evangelist Hamilton again brought to his hearers one of those forceful sermons with which this community is being favored.

As usual the invitation for sinners to come to Christ was not unheeded. Among those who surrendered was an old man with grey hair and bearded form, who had lived out life's allotted time.

Next Sunday, Nov. 2, the free will offering for the Evangelist will be taken. At 3 P. M. a service for women only will be held in the tabernacle, and at the same hour a service for men only will be held in the town hall.

Good evening! Getting a little nervous over the probable result are you?

ELECT OSCAR MITCHELL.

Elect Oscar Mitchell Judge of Clearfield county and place upon the bench a man who will administer the business of the several courts in an able, fairminded and just manner. Mr. Mitchell possesses the temperament of a jurist, and his legal ability is second to that of no other attorney at the Clearfield county bar. As judge he would conduct the affairs of the courts in the interests of the people and not in accordance with the wishes of selfish individuals or combinations of persons.

Elect Oscar Mitchell and the whole sale liquor dealers would cease to do business in Clearfield county. The fact that the wholesale dealers in liquors seek to control the politics of the county and dictate the policy of the courts cannot be refuted. Mr. Mitchell is pledged to refuse to grant licenses to the wholesale dealers.

Elect Oscar Mitchell and insure the enforcement of the liquor laws, regardless of who the offenders against the laws may be. Mr. Mitchell has promised to enforce the no-bottle rule and if elected he would

remove this insidious temptation to excessive drinking from the paths of the young men of the county.

Elect Oscar Mitchell and his prohibition of treating at the bars of the county would lessen the number of drunkards in the county and save hundreds of men from drinking to excess. Treating is one of the most vicious features of the liquor habit.

Elect Oscar Mitchell and rescue the judgeship from the shameful suspicion of being made the plaything of evil-minded politicians. The judgeship is too exalted and pure an office to be regarded as an article of barter and sale. Restore the judicial ermine to its old-time purity by taking it out of the realm of politics and making it the reward of merit rather than the spoil of designing politicians.

Elect Oscar Mitchell and give the people of Clearfield county a judge who will cleanse the office of the suspicion that it is being used by selfish politicians as a means whereby they may build up a machine with which they may defeat the will of the people at will. Take the judgeship out of politics and make it a temple of justice in reality as it now is in name only, by electing Oscar Mitchell.

The probability that Bigelow will not have a hand in the distribution of that fifty million dollars which it is proposed to borrow for good roads purposes helps some people in making up their minds to vote for the amendment.

Of course, the police will see that bad boys do no damage to the property of citizens tomorrow night, as some boys make the celebration of All Hallows' an excuse for destroying movable articles.

While the burgess is waiting for a certified copy of the automobile law he might instruct his policemen to get after the motor cyclist who runs his machine through the streets at the rate of twenty-five miles an hour.

When you go hunting take your kodak with you. It may come in handy in taking a photograph of the holes made by your shot in the air when you miss the game.

The professional politicians will be surprised when the polls close and it is found that the people have elected Oscar Mitchell.

The girl who dances the tango with a broom as her partner is worthy of praise.

However, it takes that snow a long time to come here from Kansas.

Clean up about your premises for the winter.

Police Force on a Hunt.
Clearfield's entire police force was out on the mountain hunting Tuesday. Whether they found anything or not will be reported at the next meeting of borough council.

Card of Thanks.

The candidates on the Republican Ticket for Borough Offices have been selected with a purpose only for their fitness for the several offices.

Clearfield is growing and there is every indication that during the tenure of office of those elected at the polls next Tuesday questions of weighty importance will come up for the decision of the local officials.

When that time comes—and in fact it is now at hand—it will be to the interest of every citizen to have in office men of good judgment, men who will be actuated in their handling of these matters by a desire not only to promote the present welfare of the Borough but to conserve its future interests as best may be done.

Examine this ticket carefully. Vote for these men and by so doing vote for those who will serve you best. These candidates all recognize that in assuming a public office they assume a public trust, to be administered for the benefit of the community as a whole.

HUERTA WILL RULE THROUGH BLANQUET

To Make Him Puppet President if Elections Are Void.

City of Mexico, Oct. 30. — General Blanquet, the tool of General Huerta, is to be the next president of Mexico. No room for doubt is left on this point by a statement that Foreign Minister Moseno made public. The plan as practically announced is that Huerta will require the newly elected congress to disregard his own election and install Blanquet. Minister Moseno made this statement:

"It is impossible at present to say what the attitude of the new congress will be in regard to Sunday's elections, for there is no way of forming even an approximate idea of what elements the body will be composed. "Regarding the candidacy of General Huerta and General Blanquet, I can, however, declare categorically that if the chamber declares the election of General Huerta void on account of his being barred by the constitution and the election of General Blanquet as vice-president as legal, General Blanquet will assume the presidential office until a new election is called and held."

MITCHELL DAY AT MINES.

Anthracite Workers Celebrate Winning Great Strike of 1900. Hazleton, Pa., Oct. 30. — Hardly a wheel turned in the anthracite coal fields of Pennsylvania. The miners celebrated Mitchell day in honor of the anniversary of the successful termination of the strike of 1900, the first conducted in the hard coal belt under the leadership of John Mitchell, the president of the United Mine Workers of America. In proclamations issued from the union headquarters of the three anthracite districts all the men were advised to remain idle, except those whose services are necessary for the operation of pumps and other machinery.

The 1900 strike was the initial clash of the miners with the anthracite operators, who before that time had dealt with the Knights of Labor. The struggle won for the men a 10 per cent wage increase and other concessions.

Herbert Spencer and the Puddles.
On no one occasion was Herbert Spencer known to ride when going to a dinner, yet so carefully did he guard himself against the chance of soiling his dress shoes that he habitually carried a bundle of old newspapers under his arm. These were for the purpose of being dropped, one by one, into each mud puddle he might encounter on crossing the street. By the time he reached his destination the store of papers was exhausted. Muddy shoes on the return walk did not matter to him in the least.

PLANNING NEXT STEP IN MEXICO

President and Secretary Bryan Hold Conference.

WOULD ELIMINATE HUERTA.

United States to Demand a Free Election—Powers Awaiting America's Decision—Battleships Sent to Relieve Those at Vera Cruz—Case of Diaz in Abeyance.

Washington, Oct. 30.—Secretary Bryan said that a formal note had been sent to all the European governments asking them to suspend the formulation of a policy toward Mexico until the United States had defined its attitude. England, France and Germany, he said, had already been heard from, agreeing to take no action, and it is expected that the other governments will follow the three great powers in awaiting the decision of the United States as to the next step in bringing peace in Mexico.

President Wilson had an early conference with Secretary Bryan, and the Secretary stated afterward that they were at work on the next step in the policy that will be pursued. It is expected that the United States will first make a formal demand for the elimination of Huerta and the conduct of fair and free elections, possibly with some safeguards to systematize the election machinery. No statement was forthcoming, however, from executive quarters as to just what was intended by the United States, but it was generally agreed in official circles that some positive action looking toward a solution of the problem would be made in line with the expectations of the powers.

Steps to secure a new election would involve negotiations with the constitutionalists, and there is a confidence among administration officials that if guarantees for a free campaign can be arranged through the establishment of a provisional authority at the City of Mexico acceptable to the constitutionalists the latter are likely to fall into line.

Case of Diaz in Abeyance. Secretary Bryan said that the state department had not yet decided what disposition would be made of General Felix Diaz, a refugee aboard the battleship Louisiana.

The sailing of four American battleships from Hampton Roads to relieve those at Vera Cruz marks the first step on the part of the United States toward complying with the recent declaration of Huerta that foreign ships had been too long in Mexican waters. The battleships Rhode Island, Virginia, Nebraska and New Jersey of the Third division of the Atlantic fleet will relieve the four vessels of the Second division which have been on duty in Mexican waters for several months, and they are expected to come north upon the arrival of the ships which left Hampton Roads. Rear Admiral Fletcher will continue with the squadron in Mexican waters because of his familiarity with the situation. It is expected that the ships of the Third division will reach Vera Cruz next Monday.

Battleships Ordered to Vera Cruz. Norfolk, Va., Oct. 30.—The battleships New Jersey, Nebraska, Rhode Island and Virginia were under orders to leave Hampton Roads for Mexico. The ships carry ammunition and provisions enough to last six months. They will proceed "with all haste" to Vera Cruz to relieve the battleships now there.

MANY DROWNED IN SALVADOR

Village Reported Destroyed With All Its People by Devastating Floods. San Salvador, Oct. 30.—Fifty-four deaths from drowning were reported here from districts of the republic of Salvador inundated, as a result of a rainfall of unprecedented severity. It is feared by the authorities that many more have succumbed. Ten inches of rainfall were recorded during the downpour.

In this city four persons were drowned. The village of Vera Paz, near the town of San Vincente, is reported destroyed with all its inhabitants.

Much agricultural property has been destroyed, river bridges washed away and railroad traffic suspended, while internal telegraphic communication is interrupted.

TO TEACH DRAWING

Clearfield Schools to be Visited by Expert in January.

Pupils in the schools of Pennsylvania are to be given the benefit of all the expert advice possible in drawing and a plan has just been announced at the Department of Public Instruction whereby the expert assistants of Dr. N. C. Schaeffer, the state superintendent, in drawing will meet supervisors and drawing teachers in various districts just established in the state. This is the first time that a branch of instruction has been put on this basis.

Miss Rose M. Pettegoff, the expert in drawing, has worked out the plan for the purpose of strengthening the work. On January 10, a conference of supervisors and drawing teachers will be held at Altoona for the counties of Clearfield, Blair, Cambria, Center, Somerset, Bedford and Huntingdon.

To The Public.

We have therefore made Kurtz' stationery store our retail agency for our entire line of Clearfield cutglass and you will find there at all times, and especially on Saturday, November 1, a complete assortment of our cut glass.

MITCHELL SENTIMENT STRONG IN MAHAFFEY

Rousing Meeting In His Behalf Held Last Evening

One of the most remarkable demonstrations ever held in the county occurred at Mahaffey on Wednesday evening when Dr. Homer W. Tope, of Philadelphia, representing the Anti-Saloon League, spoke in the Lutheran church at that place in the interest of Oscar Mitchell, the independent candidate for Judge.

While practically all of the meetings held under the auspices of the allied temperance forces have been greeted by substantial crowds, Mahaffey leads the procession, for practically the entire town was out to hear the splendid address delivered by one of the most forceful speakers in the state, himself a Lutheran.

The Mahaffey band, recently organized, was out for the occasion. The Lutheran church, which is the largest public building available in the town, was packed to the doors. At the close of the address the ladies of the W. C. T. U. served a fine lunch, consisting of sandwiches, pickles, celery, cake, coffee, etc., to all who remained.

Mr. Mitchell, who was present, was tendered a regular ovation by his numerous friends and admirers. Many persons drove in several miles to attend the meeting.

CHECK FORGER VISITS CLEARFIELD STORES

Rakes in Considerable Cash on West Side

At least two Clearfield merchants mourn the loss of money through the manipulations of a clever individual whose whereabouts are now being sought by the authorities.

Tuesday a man entered the stores of Elmer Shirey and Frank A. Walker, both on the West Side, and succeeded in having checks cashed, making his disappearance after getting the money.

At Shirey's the fellow got \$11 and at Walker's he drew \$17.50.

The checks had the name of Isaac G. Stage attached to them. The man is said to be about six feet in height, wearing a black slouch hat drawn down over his ears. The police have been unable to discover any trace of him, and it is supposed that he has left for pastures equally green.

Attending Conference.

E. W. Hess and J. G. Boyce, of Clearfield, and A. C. Orner, of DuBois, are in attendance at the Pennsylvania Industrial Welfare and Efficiency conference, in session at Harrisburg. This is a very important conference, at which prominent men from different parts of the country are present to deliver addresses.

EXPECT ACQUITTAL OF ACCUSED WIDOW

"Not Guilty by Reason of Insanity," Verdict Expected.

CHEMIST AIDS THE DEFENSE

Experts Testify, Telling of Amount of Poison Found in Dead Admiral's Body—Prosecution Does Not Expect a Verdict of Guilty—Judge's Charge to Jury Short.

Plymouth, Mass., Oct. 30.—Only two hours were taken in his summing up by William A. Morse, senior counsel for Mrs. Jennie May Eaton, who is being tried here on a charge of having murdered her husband, the late Rear Admiral Eaton. He was followed by the district attorney.

Mrs. Eaton appeared calm and collected when she came into the courtroom. It is now the general opinion here that a verdict of "not guilty" will be rendered. Insanity, it is declared, will be the grounds for this verdict. Even the prosecution does not expect a verdict of guilty.

After luncheon Chief Justice Alken charged the jury. Justice Alken expected to use not more than thirty minutes in his charge.

Nobody in Plymouth expects a verdict of guilty of murder—not even the district attorney himself. The prosecution believes that the verdict will be, "Not guilty, by reason of insanity," under which the jury first will have to find that Mrs. Eaton committed the "overt act" of giving her husband white arsenic before it can pass on the insanity or sanity of the prisoner.

The defense completed its case following the testimony of Dr. Arthur E. Austin, a Boston chemist, who declared that in his opinion Rear Admiral Eaton took between fifty and sixty-six grains of arsenic in one dose about noon on Wednesday, March 5. Mrs. Eaton was in Dorchester that day. The rear admiral died March 8. Dr. Austin disagreed with Professor Whitney, the state's expert, who previously had testified that in his opinion Rear Admiral Eaton received the first dose of arsenic on Thursday, March 6, and several other small doses up to within a few hours of death. Professor Bach, another state expert, agreed with Professor Whitney. A total of 16.67 grains of arsenic was found in the rear admiral's body. Dr. Austin admitted that the conditions surrounding the rear admiral's illness were consistent with the theory that the poison had been administered in more than one dose, however.

EX-HIGH TEAM BEATEN

Defeated by High School Team Wednesday Evening.

Wednesday afternoon after school the fast High school football team defeated the Ex-High team by a score of 6-0. The line-up was as follows:

Ex-High—Boes le, Brett lt, West lg, Adams c, Phillips rg, Wheeler rt, Rishell re, Reed qb, Wallace lbh, Henderson rhh, Boyer fb.

High School—Wright lg, McQuillen lt, Underwood lg, R. Flegal c, Patchen rg, R. Mitchell rt, Bell re, W. Flegal qb, C. Mitchell lbh, Stewart rhh, Apgar fb.

Among the old "has beens" Wallace Reed, Boyer and "Doc" Henderson did fine work. When it came to tackling punting and hitting the line Henderson was the lollypop. Wallace and Reed, '13, showed their old form. Henderson, getting the pigskin under his arm, made some spectacular zig-zags around the H.S. ends. Apgar, Mitchell and Stewart held their positions in the backfield. Apgar made a long dash around the Ex-Highs' left end. Bell, by a delayed forward pass, scored the only touchdown. By some hard stretching he managed to squeeze over the line as he was tackled by Boyer. Darkness cut the game short. The ex-Highs declare they will trim the H. S. next week.

Married on Wednesday.

Lance S. Flaherty and Miss Alice Forcey, both of Clearfield, were married in the parsonage of the Eleventh Street M. E. church by their pastor, Rev. R. S. Oyler Wednesday afternoon. The young couple are on a wedding trip to Williamsport and upon their return will reside in Clearfield.

CLEARFIELD'S LOSS IN MR. BECK'S REMOVAL

Y. M. C. A. Secretary Was a Good Citizen

As briefly noted in this paper Wednesday, H. L. Beck, general secretary of the Clearfield Young Men's Christian association, has resigned his position to take effect on November 19. Mr. Beck will go to Indiana, where he will have charge of the large and prosperous Y. M. C. A. of that town.

Clearfield citizens generally will regret the departure of Secretary Beck. During his residence in this town he has made many friends by his unflinching courtesy and gentlemanly deportment. Both Mr. and Mrs. Beck are people whom any town should be proud to claim as residents. They will take with them to Indiana the earnest wish of the people of Clearfield for a successful and happy future.

As general secretary of the Y. M. C. A., Mr. Beck rescued that association from comparative obscurity, enlarging its sphere of usefulness and interesting the citizens in the work being done in behalf of the young men of Clearfield. He has striven to make the association prosperous, and to the full extent of his ability he sought to prove to the people of Clearfield that a properly conducted Y. M. C. A. is one of the most valuable assets a town can possess.

In attaching himself to a larger and more prosperous association Secretary Beck will have larger opportunities for the display of that executive ability which has placed him in the front rank of Y. M. C. A. secretaries in the state.

STILWELL DENIES HE WROTE LETTER

Quoted as Saying He Would Jail Murphy For a Pardon.

CAMPAIGN CONTINUES HOT.

Hennessy In Speech Reveals Part of What Convicted Senator Is Alleged to Have Told Him—Asserts That All Murphy Judges Buy Their Nominations—Warden Clancy Resigns.

New York, Oct. 30.—The Hennessy-McCall-Murphy-Stilwell-Sulzer embargo in the New York mayoralty campaign kept on with a further batch of interesting disclosures in sight. The latest charge by Hennessy concerning justice of the supreme court being compelled to buy their nominations has added to the general unpleasantness. Hennessy said:

"No supreme court judge could be nominated in this city since Murphy has been the boss that did not pay for his nomination. I want to tell Mr. McCall that I haven't the slightest doubt that he paid for his nomination."

Stilwell Denial.

From his cell in Sing Sing prison ex-Senator Stephen Stilwell, the one time Tammany senator from the Bronx, denied the authenticity of his "application for a pardon," a copy of which former Governor Sulzer made public. Warden James M. Clancy of Sing Sing suddenly resigned after he had refused to go into details of the Stilwell "confession" obtained by Hennessy. He first said that Hennessy was a liar and that Stilwell had told him that the letter to Sulzer had been so altered that it was a forgery. He gave as his reason for resigning that he did not want his silence concerning the Hennessy-Stilwell confab to be regarded as a move on his part favoring Tammany.

But while Clancy, Stilwell and the Tammany forces were denying that Stilwell had made a confession, Superintendent of Prisons John B. Riley was being interviewed at Albany, and he admitted that Stilwell had made a statement bearing legislative corruption, to be made public, however, only in exchange for a pardon.

Hennessy, reading from the "confession" of Stilwell's as recorded by the detectivephone, quoted him as saying: "I can put Murphy in jail. And I can get enough votes to prevent Sulzer from being convicted. I know so much about some of them that they will have to take my orders."

Sulzer in his campaign for election to the assembly attacked Tammany leaders in general and declared that he was receiving scurrilous letters in Yiddish attacking his wife. He blamed it upon Tammany hirelings.

Roosevelt Leaving Brazil.

Sao Paulo, Brazil, Oct. 30.—Colonel Theodore Roosevelt left this city for Rio Grande do Sul, from which place he will continue his journey by way of Montevideo to Buenos Ayres and Chile. Government officials and private personages cheered the distinguished American visitor as he left.

Greece Buys Chile Warship.

Constantinople, Oct. 30.—It is reported here that the Greek government has purchased the Chilean battleship Almirante Latorre.

DEATHS OF A DAY.

Alfred C. Tuxbury, sixty-eight years old, died at Montclair, N. J., from a complication of diseases.

Mrs. Eugene Spencer, widow of William Augustus Spencer, who lost his life in the Titanic disaster, died in Paris.

John Y. Hunt, thirty-five, president of a paper manufacturing company of New York, died at his home in Hartford, Conn.

Paymaster Ulysses Grant Amman, U. S. N., forty-two, retired, died at the Mare Island (Cal.) Naval hospital. He was the son of Rear Admiral Daniel Amman.

Mrs. James Knott, fifty-eight, part owner and active manager of four apartment hotels near Washington square, in New York, died suddenly of acute indigestion.

Mrs. Virginia C. R. Avery, sixty-nine, widow of General Robert Avery of civil war fame, who was one of Brooklyn's foremost lawyers, died at Brooklyn, where she had resided for forty years.

Isaac Stephenson, Jr., fifty-four, nephew of United States Senator Isaac Stephenson, was found dead in his berth on a Chicago and Northwestern train arriving at Milwaukee from Menominee, Mich. He was a victim of heart disease.

Dice.

Dice are said by some to have had their origin in occult sources, but more reasonably they are ascribed to Palamedes of Greece, B. C. 1244. Those exhumed at Thebes are identical with those used today, and the games played with them are the simplest and most widely known games of chance in the world.

GRAMPIAN

A corps of engineers connected with the Pennsylvania railroad is at work in the territory between DuBois and Grampian, and it is believed that the company is again trying to find a feasible and practicable route for an extension of the Tyrone division to DuBois, where the line would connect with the Loy, Grade division of the Penn.

The DuBois Courier says that "as soon as the Pennsylvania company acquired control of the line from Driftwood to Red Bank and Pittsburgh, there was talk of extending the Tyrone branch to connect here, and give the country south of DuBois, clear through to the Pennsylvania main line, a direct route north and northwest, by the way of the Low Grade and Ridgway divisions. It would also open the way for shortening the time some between DuBois and New York, Philadelphia, Baltimore and Washington. It would open up so much for the Pennsylvania company that there seems to be no doubt about the extension being made some time, and this may be the time. The best route for building is being figured out now. That much is certain."

Hallowe'en Party.

Esther Cosad last evening entertained a dozen of her little friends with a Hallowe'en party. The little girls were dressed in regular hobgoblin apparel and had a very pleasant time. Refreshments were served and games played until a reasonable hour, when Esther's guests returned to their homes, voting Esther a very good hostess.

Their Tenth Anniversary

A reception was held in honor of the tenth wedding anniversary of Dr. and Mrs. Ward O. Wilson last night. The guests had a very pleasant time, chatting of social events, partaking of refreshments and taking a straw vote on the judicial candidates.

ENTHUSIASM GREAT AT THE TABERNACLE

Hundreds Attend the Meetings at Glen Richey

In spite of a mixture of rain, mud and darkness, from 500 to 700 people attend the tabernacle services each evening at Glen Richey. The major part of the crowd arrived just as near 7 o'clock as possible in order to enjoy the half hour song services led by Prof. Leonard.

Considerable interest is manifested when the reports of the daily prayer meetings are given in. District No. 4 has held the banner for attendance for more than a week and is usually roundly applauded. Another prayer meeting has been started down in Third Light, in the mines. When these underground prayer meetings are reported they always receive hearty applause.

With the thought in mind, "Sin grows worse, but it can be healed," and vividly picturing the woman who touched the hem of Christ's garments, Evangelist Hamilton again brought to his hearers one of those forceful sermons with which this community is being favored.

As usual the invitation for sinners to come to Christ was not unheeded. Among those who surrendered was an old man with grey hair and bearded form, who had lived out life's allotted time.

Next Sunday, Nov. 2, the free will offering for the Evangelist will be taken. At 3 P. M. a service for women only will be held in the tabernacle, and at the same hour a service for men only will be held in the town hall.

Good evening! Getting a little nervous over the probable result are you?

ELECT OSCAR MITCHELL.

Elect Oscar Mitchell Judge of Clearfield county and place upon the bench a man who will administer the business of the several courts in an able, fairminded and just manner. Mr. Mitchell possesses the temperament of a jurist, and his legal ability is second to that of no other attorney at the Clearfield county bar. As judge he would conduct the affairs of the courts in the interests of the people and not in accordance with the wishes of selfish individuals or combinations of persons.

Elect Oscar Mitchell and the whole sale liquor dealers would cease to do business in Clearfield county. The fact that the wholesale dealers in liquors seek to control the politics of the county and dictate the policy of the courts cannot be refuted. Mr. Mitchell is pledged to refuse to grant licenses to the wholesale dealers.

Elect Oscar Mitchell and insure the enforcement of the liquor laws, regardless of who the offenders against the laws may be. Mr. Mitchell has promised to enforce the no-bottle rule and if elected he would

remove this insidious temptation to excessive drinking from the paths of the young men of the county.

Elect Oscar Mitchell and his prohibition of treating at the bars of the county would lessen the number of drunkards in the county and save hundreds of men from drinking to excess. Treating is one of the most vicious features of the liquor habit.

Elect Oscar Mitchell and rescue the judgeship from the shameful suspicion of being made the plaything of evil-minded politicians. The judgeship is too exalted and pure an office to be regarded as an article of barter and sale. Restore the judicial ermine to its old-time purity by taking it out of the realm of politics and making it the reward of merit rather than the spoil of designing politicians.

Elect Oscar Mitchell and give the people of Clearfield county a judge who will cleanse the office of the suspicion that it is being used by selfish politicians as a means whereby they may build up a machine with which they may defeat the will of the people at will. Take the judgeship out of politics and make it a temple of justice in reality as it now is in name only, by electing Oscar Mitchell.

The probability that Bigelow will not have a hand in the distribution of that fifty million dollars which it is proposed to borrow for good roads purposes helps some people in making up their minds to vote for the amendment.

Of course, the police will see that bad boys do no damage to the property of citizens tomorrow night, as some boys make the celebration of All Hallows' an excuse for destroying movable articles.

While the burgess is waiting for a certified copy of the automobile law he might instruct his policemen to get after the motor cyclist who runs his machine through the streets at the rate of twenty-five miles an hour.

When you go hunting take your kodak with you. It may come in handy in taking a photograph of the holes made by your shot in the air when you miss the game.

The professional politicians will be surprised when the polls close and it is found that the people have elected Oscar Mitchell.

The girl who dances the tango with a broom as her partner is worthy of praise.

However, it takes that snow a long time to come here from Kansas.

Clean up about your premises for the winter.

Police Force on a Hunt.
Clearfield's entire police force was out on the mountain hunting Tuesday. Whether they found anything or not will be reported at the next meeting of borough council.

Card of Thanks.

HUERTA WILL RULE THROUGH BLANQUET

To Make Him Puppet President if Elections Are Void.

City of Mexico, Oct. 30. — General Blanquet, the tool of General Huerta, is to be the next president of Mexico. No room for doubt is left on this point by a statement that Foreign Minister Madero made public. The plan as practically announced is that Huerta will require the newly elected congress to disregard his own election and install Blanquet. Minister Madero made this statement:

"It is impossible at present to say what the attitude of the new congress will be in regard to Sunday's elections, for there is no way of forming even an approximate idea of what elements the body will be composed. "Regarding the candidacy of General Huerta and General Blanquet, I can, however, declare categorically that if the chamber declares the election of General Huerta void on account of his being barred by the constitution and the election of General Blanquet as vice-president as legal, General Blanquet will assume the presidential office until a new election is called and held."

MITCHELL DAY AT MINES.

Anthracite Workers Celebrate Winning Great Strike of 1900. Hazleton, Pa., Oct. 30. — Hardly a wheel turned in the anthracite coal fields of Pennsylvania. The miners celebrated Mitchell day in honor of the anniversary of the successful termination of the strike of 1900, the first conducted in the hard coal belt under the leadership of John Mitchell, the president of the United Mine Workers of America. In proclamations issued from the union headquarters of the three anthracite districts all the men were advised to remain idle, except those whose services are necessary for the operation of pumps and other machinery.

The 1900 strike was the initial clash of the miners with the anthracite operators, who before that time had dealt with the Knights of Labor. The struggle won for the men a 10 per cent wage increase and other concessions.

Herbert Spencer and the Puddles.
On no one occasion was Herbert Spencer known to ride when going to a dinner, yet so carefully did he guard himself against the chance of soiling his dress shoes that he habitually carried a bundle of old newspapers under his arm. These were for the purpose of being dropped, one by one, into each mud puddle he might encounter on crossing the street. By the time he reached his destination the store of papers was exhausted. Muddy shoes on the return walk did not matter to him in the least.
